DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

> The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 8-9 and 16-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a) Claims 8-9: "capable" is vague in that it is unclear if acid is actually generated or not.

b) Claims 16-17: there is no antecedent basis for "the cross-linked cured product".

Allowable Subject Matter

3. Claims 1-7, 10-15 and 18-20 are allowed.

4. The following is a statement of reasons for the indication of allowable subject matter: the prior art does not disclose nor suggest the copolymer composition of claim 1 containing

structures (I) and (II), as defined, as well as a crosslinking agent. The closest prior art is 6946536, but this reference does not teach the crosslinking agent.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
